

Danyelle Maitland,  
program director of the  
*Substance Abuse Council*

## Prescription Drug Abuse Risks for Older Adults

Wednesday, December 6, 2017

Older adults are likely to experience more problems with medications because of increased medication sensitivity and slower metabolism. Older adults are also vulnerable to caregivers and families stealing their medications.

Join Danyelle Maitland, Program Director of the Substance Abuse Council, as she covers the many concerns of older adults and their medications.

**11:30 am-1:00 pm**

**at the Kool Family Community Center**

**200 W. Michigan, Battle Creek**

A light lunch will be served at 11:30 a.m.,  
followed by the presentation.

*Seating is limited, so please register.*

**To register call Senior Health Partners  
269-441-0948**
